Hi Angelo,

The work you bid on this project was structured into the (4) distinct Bid Packages (to be awarded separately, as packaged per the RFP documents) you provided breakouts for on your proposal (SOWs #044, 056, 060, 062).

Bid Package #060 Framing, Metal Studs, Drywall, Painting – was a 1% trade for this project, and subject to procurement requirements as per NRS 338 for CMAR projects. This bid package was opened with the client and is under review by my Operations Team (Jon Cox, Cc'd) at this time.

I am reviewing the remaining bid packages, and requesting confirmation that the below line items were included in your pricing. If not, the request is that you provide ADDITIVE COSTS as necessary to ensure complete bid packages accurate bid review.

Please let me know if you have any further questions on this request.

Thank you!

Dawn Duranleau, AIA, CCM, LEED GA

Dawn, can you clarify this for me? I didn't see if the framing and drywall you listed were available for me to break down. I structure bids as a combined price.
