

Bluebeam Attachment A Process

Contact IT for help creating an account or for log in information or importing your approval stamp.

An Attachment A **REVIEW** PDF packet consists of:

1. The Attachment A Review Cover Sheet.
2. On a separate sheet, include a summary of how we got to the contract amount that is on the Cover Sheet.
3. The Subcontractor Reviewed Attachment A Draft.
 - a. The Word.doc is named "Subcontractor **Draft** Att A"
4. **Subcontractor Proposal ("Bid") Form** with Signature and FINAL Bid Amount, and Clearly defined Alternates
5. The Subcontractor's proposal if available on their own form, which clearly defines the contract amount.
6. Scope Options Back Up or other pricing - Label, Number and Highlight the Scope Option.
 - a. Include any emails that are directly related to these amounts, Note these documents.
7. Include the filled out **Subcontractor Proposal Review** commonly called the Descope Notes.
 - a. Include other back up as needed for the REVIEW Process.

"(Subcontractor) Review Att A" is the format for naming this PDF Package in your Review Session

Review your Attachment A's with the Subcontractors prior to posting them to the Final Session.

An Attachment A **FINAL** packet consists of:

1. The Attachment A Review Cover Sheet.
2. On a separate sheet behind the Review Cover Sheet include a summary of how we got to the contract amount that is on the Cover Sheet. (**DO NOT** include your Scope Options on this summary this is only the LUMP SUM Amount.)
3. The revised Attachment A, with incorporated changes from all applicable comments received during the Review Session. (No; highlight, comments, strikeout, or other editing indicators)
 - a. The Word.doc is named "Subcontractor **Final** Att A"
4. **Subcontractor Proposal ("Bid") Form** with Signature and FINAL Bid Amount, and Clearly defined Alternates.
5. The Subcontractor's proposal if available on their own form, which clearly defines the contract amount.
6. Scope Options Back Up or other pricing - Label, Number and Highlight the Scope Option you are including on the Attachment A.
 - a. Include any emails that are directly related to these amounts, Note these documents.
7. Include the filled out **Subcontractor Proposal Review** commonly called the Descope Notes.
(**Do Not** Include other back up as was needed for the REVIEW Process.) (**Do Not** Include prior versions of the Attachment A, **Do Not** include duplicate proposals that are not valid for the FINAL LUMP SUM AGREEMENT AMOUNT. **Do Not** Include Drawings)
This is the Archived version of the FINAL Attachment A – we want it to look Clean and Professional.

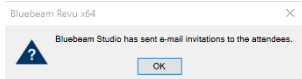

Over \$5M Tim Roley or Matt Wade Stamp required.

"(Subcontractor) Final Att A" is the format for naming this PDF Package in your Final Session

Create the Attachment A Review and Final Sessions

1. Create a Session

Notifications

It is important to make sure your Notifications are turned on so that you know when modifications are made to the document.

Notifications:

1. Click Home, then Settings, then Notification Preferences
2. Recommended options:
 - a. 1st Option- "Send me a daily digest of all Session and Project Activity"
 - b. 2nd Option - "Send me an email when an active Session is updated"
3. Click the project(s) to apply these settings to
4. Click apply at the top and bottom sections.
5. Close the window

Other Useful Information

- Start with the proper template from S:\Projects\West\Job# - JobName\SUBCONTRACTOR FILES\0-ATTACHMENT A - Scope of Work.- **Only modify items that are highlighted.**
 - If you need help writing Scope Options please email Kathleen or Erin.
- Save your Drafts, Reviewed and Final Attachment A items in the Subcontractors Folder for Contracts. **This includes the Live Final Attachment A document for Contracts.**
 - S:\Projects\West\Job# - JobName\SUBCONTRACTOR FILES\Vendor Name\Contract & Changes\Contract

Do not save in WIP folders or sub folders in the Contract Folder

- ⦿ Expect roughly 3 days for subcontracts to go out once Attachment A is approved. Month end can be a bit slower.
- ⦿ Subcontracts won't go out until we have an executed Owner contract.
- ⦿ If project is phased and you have multiple Attachment A through E, PM needs to notify Kathleen, Liz, & Erin of multiple attachments.

Folder Management Information

The Contract folder in this location: S:\Projects\West\Job# - JobName\SUBCONTRACTOR FILES\Vendor Name\Contract & Changes\ **Contract** is for the Contracts Department to utilize for Agreements that are in process, sent, and completed to the Trade Partners on your project. Do not save additional Non Contract Related items in this folder Location.

This is the folder for you to save this additional information and bid documents in: S:\Projects\West\Job# - JobName\SUBCONTRACTOR FILES\Vendor Name\Contract & Changes\

Be sure to use the Templates from this folder S:\Projects\West\Job# - JobName\SUBCONTRACTOR FILES\0 - ATTACHMENT A - Scope of Work.
