DVBE PARTICIPATION

CORE Construction strongly encourages DVBE participation in this project.
The minimum established goal for this scope of work package is 0%.

Percentage of Total Base ("Bid") Proposal that the Subcontractor will contractually commit to utilizing certified DVBE business in the performance of the work.

100 %

Good Faith Documentation is not required if the percentage of DVBE commitment is equal to or greater than the minimum goal. If the percentage is less than the minimum goal, proposer must submit Good Faith Effort Worksheet.

SCHEDULE COMMITMENT

Subcontractor proposers are to plan and price its base ("bid") proposal to meet the schedule provided. All necessary crews, manpower, shifts, acceleration time, premiums required to meet the schedule durations, if applicable, are to be included. CORE Construction encourages that the Subcontractor proposer includes a Voluntary Alternate to provide a more "optimal" schedule duration with a reflective price if applicable.

PROPOSAL ("BID") VALUE BREAKDOWN

Subcontractor proposers should be prepared to provide a preliminary schedule of values (SOV) within 24 hours of submission. SOV should be detailed in accordance with the scope of work, contract documents, schedule, and industry best practices. Breakout labor, material, and all major equipment costs.

ALTERNATES TO BASE ("BID") PROPOSAL

If either the contract documents, or CORE Construction (will be indicated in trade specific Scope of Work) identify Alternates to be priced, Subcontractor proposer shall identify all labor, material, equipment, supervision, services, taxes, insurances, license, fees, overhead, and profit, etc. necessary or incidentally required to complete the work. Alternates identified by the contract documents or the scope of work documents may or may not be selected and should be priced accordingly.

If the Subcontractor proposer chooses to identify any voluntary alternates, either as value engineering, product substitution, and/or scope of work clarification/deviation, etc. the following lines may be used for this purpose. All required / applicable supporting documentation to support the Voluntary Alternate should be included, or noted as to follow within 24 hours, with the submission of this proposal.

PAYMENT TO BE MADE: All payments to abide by the Prompt Payment Act per NRS 624.624 to 624.630 | Unless Cash on Completion or 30 Days Net
This proposal may be withdrawn by us if not accepted within thirty (30) days.

TERMS & CONDITIONS

1. DELAYS: FENCING SPECIALISTS, INC. (hereinafter "FSI") shall be excused from any delay in completion caused by acts of God, Owner or Owner's agents, employees or independent contractors, fire, earthquake, bad weather, labor trouble, acts of public utilities, public bodies, or inspectors, extra work, failure of Owner to make progress payments promptly, and/or any other contingencies beyond Fencing Specialists, Inc. control. The price quoted in the Proposal is based upon performance of the work during dry weather and assumes uninterrupted delays.

2. MATERIAL ESCALATION: That during the performance of the contract, if the price of the material significantly increases, through no fault of FSI, the price shall be equitably adjusted by an amount reasonably necessary to cover any such significant price increases. As used herein, a significant price increase shall mean any increase in price exceeding 20% from the date of the contract signing. Such price increases shall be documented through quotes, invoices, or receipts. Where the delivery of material is delayed, through no fault of FSI, as a result of a shortage or unavailability of material, FSI, shall not be liable for any additional costs or damages associated with such delay(s). All material is guaranteed to be as specified. All work to be completed in a workmanlike manner according to standard practices. Any alteration or deviation from the above specifications involving extra costs will be executed only upon written orders and will become an extra charge over and above the estimate.

3. PROMPT PAYMENT ACT: All payments to abide by the Prompt Payment Act per NRS 624.624 - 624.630, unless the terms apply to a specific payment term such as cash on completion or 30 days net payment. Payments on all private construction projects within the state of Nevada are regulated by Nev. Rev. Stat. §624.606 et seq. Delays in payment under these terms are subject to an interest on late payments accrued at the rate of 4% plus the contract rate, or the prime rate at the largest bank in Nevada (determined by the NV Dept. of Business & Industry); whichever is higher. Nevada's prompt payment laws for public works projects are found in Nev. Rev. Stat. §§338.400 to 338.645. It is hereby acknowledged that customer has been made aware and understands these payment terms.

4. PROGRESS BILLING POLICY: Fencing Specialists Inc shall issue progress billings for all projects undertaken. Progress billings are invoiced periodically based on the completion percentage of work, including but not limited to labor performed, materials stored, and preparatory work conducted on-site or off-site.

5. PROPERTY OWNERSHIP AND PERMISSIONS: Customer warrants and represents herein to either own or have the right to grant authority to permit FSI to enter upon job site for all purposes relating to the agreed upon scope of work. Customer hereby acknowledges that these ownership permissions grant Fencing Specialists, Inc. the right to lien the property should appropriate payment not be made upon furnishing materials and/or work at the subject property.

6. PERMITS: Unless otherwise noted on the proposal, FSI does not furnish engineering services and makes no warranty of any kind with reference to any construction done which requires or required the services of an engineer. Owner shall look only to Owner's engineer or other third-party engineering advice with reference to such matters. Customer shall, at its cost, obtain any required building permits unless otherwise noted on the proposal. All submittals required for such permits shall be furnished by the Customer. Fencing Specialists, Inc. is entitled to fees associated with the permit process if Customer fails to obtain the required documents or requires assistance with this process although Fencing Specialists, Inc. is not obligated to provide this

service. If it is determined that purchased improvements require modification to comply with code, building permit requirements or similar requirements, such modification shall be made at the cost and expense of Customer. *PLEASE NOTE THAT FENCE PERMITS ARE EXCLUDED FROM MOST GENERAL BUILDING PERMITS AND MUST BE REQUESTED AND ISSUED SEPARATELY. *** If the contract verbiage conflicts with this exclusion, the customer agrees, and is fully aware by signing these terms and conditions, that an additional minimum fee of \$2,500 must be applied for every fence assembly that has to be engineered and permitted.

7. CALL BEFORE YOU DIG. If the fence line is near or known to be near a subsurface installation, Customer shall be the party responsible for the Call Before You Dig. Subsurface installation is defined as "a pipeline, force main, supply line, conductor, conduit, cable, duct, wire, communications line, sewer line, storm drain, other drain line or other structure that is located underground (NRS 455.101)." Chapter 455 of the Nevada Revised Statutes 455.010-455.180 provides specific guidance for excavations or demolitions near high voltage lines. In summary, before commencement of excavation, the Customer shall notify and supply all required information in writing or at 1-800-227-2600 at least 2 working days before installation or commencement of drilling. Customer shall determine, locate, identify and mark any subsurface installation on or in the immediate vicinity of the job site which could be located in an area of fence post or improvement installation or any drilling. Customer shall be at job site or have supervising personnel at job site prior to any installation or drilling to make FSI crews fully aware of the exact location of all underground utility lines on or in the immediate vicinity of job site.

8. GRADING AND SURVEYING. FSI does not include grading or surveying as part of its scope of work. This is the responsibility of the Customer. FSI shall not be responsible for removing any existing fencing, trees, landscaping or improvements unless specifically stated in the scope of work for this project. Customer shall provide FSI with continuous access to all work areas on job site. Unless grossly negligent FSI shall not be responsible for damage to property improvements (including, but not limited to, driveways, sidewalks, curbs, pavement, walkways, lawns and other landscaping and improvements) occurring during performance of the work or the ingress or egress of workers, materials or equipment to or from job site as this access is assumed to be cleared and ready for FSI to access.

9. WARRANTY. FSI warrants that when fully erected, improvements shall be free of defects in workmanship and materials for 1 year following substantial date of completion. FSI shall not be responsible for defects brought to its attention after 1 year. The foregoing is in lieu of any other warranty, express or implied. FSI makes no warranty or representation, express or implied, that improvements are appropriate or fit for any particular purpose or use.

10. AGREEMENT. This document contains the entire agreement between the parties and supersedes and replaces all prior discussions, negotiations, correspondence, understandings, and agreements between the parties regarding the proposed improvements. This document may be amended, supplemented, or modified by, but only by, a written document executed by both Customer and Fencing Specialists, Inc. after the execution date of this document.
