Yes, ma'am. Those are turf changes only, so you should be fine if the pad and infill remains the same.

Thanks Jeff! Are the deduct values similar if we stay with the base bid infill/padding?

Subject: RE: Turf Options (NCSD THS Field)

Dawn,

Pricing to remove the logo from the last VE option we sent is (\$14,000) for a total of \$1,085,000.00. There is no charge for the green change. You can even leave the alternating greens in for the same price, as for TenCate, we've asked repeatedly and to them, green is green. Alternate colors outside of green have additional costs involved.

This brings me to the real savings we see if the district is open to it. If the school district goes away from the end zone colors and lettering as well, the price would drop an additional (\$36,000) to \$1,045,000.00. Again, this is leaving the alternating greens if they'd like to.

Thanks!
