**Subject:** RE: Tonopah HS Field - TAB Additional Information

Team,

Please provide pricing for the stand tank with connections, piping, and meter to the existing irrigation backflow.

Thank you,

**Jairo Gomez**  
Project Engineer

**Subject:** Tonopah HS Field - TAB Additional Information

Travis & Team,

We are in need of some information. Please provide a response to the following by **Monday (6/1/26) afternoon**.

- You indicated that you have trenchers, is using a trencher for the storm included? If it isn't included, please provide the cost. If it is included, what is the overall duration of the storm drain activity? If it isn't, what is the duration?
- How much would it cost to trench the Irrigation line in the field and how long would it take?
- How much would it cost and how long would it take to trench the UG Electrical?
- You gave us a cost for a D10-sized dozer to do the cut on the field. How much time does this save us on rough grade?
- How much would it cost to dig the Musco light pole bases?
- How much would it cost to dig the scoreboard footings?
- Did your bid include a type 2 pad/area at our job trailer? If so can you please break out this cost?
- Did your bid include a track-out pad or pads? If so, please break out these costs.
- There is an existing access road to the field that we think can be utilized as is. Can you please break out the cost for the new grading shown for this area.
- 24" RCP is shown for the outfall section of the storm drain. Is the corrugated HDPE piping a realistic product to use in lieu of the RCP? If so please provide a revised cost.

- There is currently a concrete headwall shown at the end of the RCP. If we go with the HDPE option, would a plastic HDPE flared end section be acceptable to use in this application? If so please provide a revised cost.
- Riprap is shown at the headwall. Did you guys pick this up? If not, please provide a cost.
- You indicated you had 6" of type 2 under the paving. Please provide a revised cost to go to 4" of type 2 at the paving.

If you have any questions, please let us know.

Thank you,

**Jairo Gomez**

Project Engineer

Re: Site Demo / Clearing, Earthwork, Paving, Wet Utilities

TAB Contractors is pleased to offer this proposal for the above-mentioned scope of work.

**Price Includes: See Attached for Line Item Quantities**

**Base Bid Proposal - \$ 1,924,851.00**

**Alt – Site Demo at Elementary School - \$ 45,000.00**

**Alt – Propane Gas System Abandon – No Bid**

**Alt – Caliche Unit Rate - \$40 per CY**

**ADD – D-10 Dozer for Hard Dig – 1 Month - \$70,000.00**

**Deduct – Leave clean spoils on-site in stockpile - \$30,000.00**

**Deduct – Delete Type II and geofabric from turf field - \$150,000.00**

**Deduct – Delete trench drain from the bid - \$125,000.00**

**ADD – Additional footage for 8” perf field drain South end of field (210 LF) - \$30,000.00**

**Deduct – Delete Type II from building pad and concrete paving - \$46,000.00**

**Information Request Based on 5/29 Email:**

**ADD – Trench Storm Drain – 2 Days - \$18,720.00**

**ADD – Trench Irrigation Line – 5 Days - \$19,000.00**

**ADD – Trench Field Electrical – 10 Days - \$40,000.00**

**D-10 Dozer Saves Two Weeks of Grading Duration.**

**Musco Light Pole Base – Requires 30” x 12’ Drilled Pier – No Bid**

**Scoreboard Footing – Requires 36” Drilled Pier – No Bid**

**DEDUCT – Type II at Job Trailer - \$7,500**

**DEDUCT – Tract-Out Pad (2 Each) - \$5,000**

**DEDUCT – Fine Grade at Access Road - \$3,600**

**24" RCP vs 24" HDPE – This is a wash but we can use a RCP Flared End Section and Eliminate the Headwall**

**DEDUCT – Delete the Headwall and Replace with a RCP Flared End Section - \$10,500**

**Riprap at Storm Drain Outlet is Included**

**Deduct – 4" Type II Under Asphalt In Lieu of 6" Type II - \$15,000**

**Stand Tank – 3 months - \$17,400**

**General Inclusion / Exclusions:**

1. Price Excludes Building Demo at Elementary School.
2. Price Excludes Leveling Sand at Field
3. Price Excludes 3/8" Chip Stone at Field Trench
4. Price Excludes Stripe or Signs
5. Addenda 1 and Clarification #1 and 2 acknowledged
6. Tab Contractors License # 0021801 – Unlimited
7. Bond Rate is 1.5%

**General Clarifications**

- 1) TAB does not carry pollution control or professional liability insurance.
- 2) Street sweeping for our work only.
- 3) All work figured for standard 8-hour shifts.
- 4) Permits and fees are by others.
- 5) All traffic / pedestrian control and flagging by others.
- 6) Striping and signage by others.
- 7) Survey and engineering to be provided by others.
- 8) QC / QA and testing not included.
- 9) Construction water provided at no cost.
- 10) Hard dig / Caliche excluded.
- 11) Price will be valid for 60 days
- 12) Exclude any nightwork.
- 13) All work will take place concurrently.
- 14) Utilities capped 5' from building

If you have any questions, contact me at the office or at (702) 525-3802

Sincerely,  
TAB Contractors, Inc.
