- Insulation

1. Base Scope

- R-38 FSK Batt Insulation – pinned to underside of roof deck-----**\$9,653.46**
- R-19 Rigid Insulation – exterior walls (inside face)-----**\$10,683.82**
- R-19 Unfaced Batt Insulation – 6" interior partitions---- **Combined with below**
- R-11 Unfaced Batt Insulation – 3-5/8" interior partitions---**combined R19 and 11(\$19,144.22)** Does this indicate pricing that is already included (with the exterior Rigid and interior Batt pricing, which comprised your original Base Bid amount)? **I forgot to add the R-19 price in the breakdown so the pricing is the same now.**

2. Exterior CMU Wall Furring

- Z-Furring @ 24" O.C. (interior face)---- **\$11,973.00**

3. Exterior CMU Wall Vapor Barrier

- Fluid-Applied Vapor Barrier applied to CMU (interior face, behind Z-furring) ----**\$34,248.00**

- ACT The sum of these breakout values is less than your original Bid value. Do the below values replace the original Bid amount? Have you included the 5% attic stock per the specs? **HRD1 was not asked for \$6,599.38 in the breakout.**

1. Base Scope

- ACT-1 Armstrong Dune----**\$23,106.72**
- ACT-2 Armstrong Clean Room----**\$9,775.92**

- Doors, Frames & Hardware The sum of these breakout values is less than your original Bid value. Do the below values replace the original Bid amount? Have you included the Mock Up? **I reached out to different suppliers and secured better pricing on materials than the original bid. I did not include a mock up price because I did not see it in the plans.**

1. Supply

- 15 ea Steel Doors----**\$48,556.83**
- 15 ea Steel Door Frames----**\$9,246.12**
- 15 ea Hardware sets, as specified-----**\$8,555.47**

2. Install

- 15 ea Doors + Hardware Sets-----**\$11,250.00**

3. Mock-Up

Also, please confirm (or provide revised pricing for) current Nye County prevailing wage rates. **List is attached below.** Thank you for confirming.

Thank you for reviewing our bid and clarifying.

Hi Angelo,

The work you bid on this project was structured into the (4) distinct Bid Packages (to be awarded separately, as packaged per the RFP documents) you provided breakouts for on your proposal (SOWs #044, 056, 060, 062).

Bid Package #060 Framing, Metal Studs, Drywall, Painting – was a 1% trade for this project, and subject to procurement requirements as per NRS 338 for CMAR projects. This bid package was opened with the client and is under review by my Operations Team (Jon Cox, Cc'd) at this time.

I am reviewing the remaining bid packages, and requesting confirmation that the below line items were included in your pricing. If not, the request is that you provide ADDITIVE COSTS as necessary to ensure complete bid packages accurate bid review.

Please let me know if you have any further questions on this request.

Thank you!

Dawn, can you clarify this for me? I didn't see if the framing and drywall you listed were available for me to break down. I structure bids as a combined price.
