

PROJECT:
NCS D THS Sports Field Replacement
170 E. Ray Tenant Ln. - Tonopah, NV 89049

Mechanical Date: 4/20/2026
Mechanical Engineer: HPA
Architect: Knit
Addendum: #1

TAB Scope of Work:

- Testing, adjusting and balancing of the HVAC systems as per mechanical plans and specification 23 05 93.
 - (6) Fan Coil Units with Duct Heater - FCU-1, FCU-2, FCU-3, FCU-4, FCU-5 and FCU-6.
 - (5) Fans - EF-1, EF-2, EF-3, EF-4 and EF-5.
 - TAB verification / commissioning assistance.
 - AABC certified reports.
- (All work will be performed as per **AABC Standards and Procedure Manuals**)

TAB Specific Exclusions:

Commissioning, Fire Alarm Testing, Smoke/ Fire Damper Certifications, Domestic Hot Water Systems, Duct Leakage Testing, Sound and Vibration Measurement, Systems Start-up, Provision and/ or Replacement of Belts and/ or Pulleys, Filters, Thermostats, Control Programs Components, CCIP or OCIP requirements (costs in % of insurance to be added to the total TAB proposal fee).
(Additional testing scope of work may be added as an add/ alt to this proposal by request)

Conditions:

Complete and fully operational HVAC systems including related electrical, fire life safety, sheet metal, and controls systems are required prior to scheduling TAB field-testing. All HVAC equipment must be running and have the proper rotation. All access doors to the S/ FD must be closed, all S/ FD operation left in full open position, volume and control dampers left in a neutral or wide open position, all grilles, registers and diffusers are of the correct type, are properly installed and are in full open position. Requests to perform balancing prematurely and/or requests to perform the balancing in a piece-meal manner at the contractor's convenience or should we be unable to perform our work or required to redo work because the HVAC System is not ready or improperly installed shall be at the contractor's expense. This proposal reflects normal working hours from 7:00 AM to 3:30 PM Monday through Friday only. Any time outside our normal working hours will be as T&M. Mechanical for construction plan set, project specifications and the approved mechanical submittals shall be provided 60 days prior to scheduling the start of the TAB. Scaffolding and/ or lifts required for work beyond the reach of a balancing technician using a six-foot ladder, shall be the responsibility, obligation and cost of the company hiring The TABITT Company.

This proposal is based solely on the usual cost elements such as labor, instrumentation, and normal markups, and does not include any amount for changes in sequence of work, delays, disruptions and rescheduling, extended overhead, acceleration, and/ or additional cost impacts. The right is expressly reserved to make claim for any and all of these, and related items of cost, prior to final contractual agreement settlement.

This proposal shall be made as an attachment to contractual agreement.

DDC systems control contractor may be required as necessary to be onsite during TAB work, where applicable and per Division 25 requirements. This proposal provides for one failure rate to any of HVAC sequence testing. Any additional testing required as a result of a second failure shall require additional testing to be performed at the T&M rate expressed below.

In accordance with above identified equipment testing, TABITT shall provide all labor and instrumentation for the sum of:

Eight Thousand Eight Hundred Dollars and 00/100-----(\$8,800.00)
(This price is valid for 30 days)

Payment to be made as follows: Progressive monthly billing 30-day net. Payment in full upon completion of project and receipt of reports. Invoices not paid after 30 days may be subject to a 1.5% per month late fee. *Bonds are not part of this quotation.

Standard T&M Hourly Rates (Dispatch requires 4-hour min)

AABC Certified Technician w/ instrumentation - \$180.00

AABC Supervisor Engineer - \$210.00

Acceptance of Proposal - The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Under NRS Chapter 333 a signed proposal is treated as a firm offer. Payment will be made as outlined above.
