Additional Information

Notes

Construct OSHA Class I and Class II negative air, leak-proof containments of abatement project areas in Buildings 3, 4, 5 & 6. Buildings 1 & 2 are to remain in place (no abatement or demo) and asbestos-containing materials were not identified in Building 7. Remove and discard all asbestos-containing vinyl floor tile and flooring mastic from throughout buildings 3, 4, 5 and 6. Remove and discard all asbestos-containing drywall systems and texture on CMU from throughout buildings 3, 4, 5 & 6. Perform stabilization of lead paint on surfaces in poor condition that will be demolished. Remove and discard or recycle all identified hazardous materials (mercury and PCB containing fixtures and fluorescent tube lighting).

PROPOSAL CONDITIONS

Proposers shall include in their proposals the cost of providing all labor, material, equipment, supervision, services, taxes, insurances, license, fees, overhead, and profit, etc. necessary or incidentally required to complete the subcontractor trade scope of work including, but not limited to, the attached scope of work and clarifications in accordance with the contract documents, specifications and industry best practice.

Proposing Subcontractor confirms that it has visited the site (if necessary), read, understands, and agrees that its proposal is in compliance with all conditions defined in the Notice of Request for Proposals, attached sample Subcontractor Agreement, all insurance requirements, CORE Construction operational and safety requirements, and related Contract Documents.

Any requested changes to CORE's Subcontractor Agreement must be made in writing prior to, or at the time of submission of final pricing proposals. If no change requests are submitted, Subcontractor proposer represents that by submitting its proposal that the sample Subcontractor Agreement will be executed by Subcontractor without change or alteration.

Subcontractor proposer recognizes that time is of the essence in this proposed subcontract. Subcontractor agrees, that if awarded the subcontract hereunder, it will commence the work to be performed under the contract on the date set by the Contractor in its written Notice to Proceed, continuing the work with diligence and will complete all the work per the scheduled Contract Completion date and milestone date(s) as defined by the schedule.

It is understood that this proposal shall remain in effect, and may not be withdrawn, for a period of sixty (60) days from the date that bids are due to be received.

NAMING OF LOWER TIER SUBCONTRACTORS

Subcontractor shall provide the following list of lower tier subcontractor(s) to be utilized in the performance of its scope of work. If no lower tier subcontractors are identified, subcontractor represents that by submitting its proposal that it is self-performing all aspects of the associated scope of work.

Name: _____ Scope of Work: _____ NSCB No.: _____

Name: _____ Scope of Work: _____ NSCB No.: _____

Name: _____ Scope of Work: _____ NSCB No.: _____

Name: _____ Scope of Work: _____ NSCB No.: _____

DVBE PARTICIPATION

CORE Construction strongly encourages DVBE participation in this project.
The minimum established goal for this scope of work package is 0%.

Percentage of Total Base ("Bid") Proposal that the Subcontractor will contractually commit to utilizing certified DVBE business in the performance of the work.

0 %

Good Faith Documentation is not required if the percentage of DVBE commitment is equal to or greater than the minimum goal. If the percentage is less than the minimum goal, proposer must submit Good Faith Effort Worksheet.

SCHEDULE COMMITMENT

Subcontractor proposers are to plan and price its base ("bid") proposal to meet the schedule provided. All necessary crews, manpower, shifts, acceleration time, premiums required to meet the schedule durations, if applicable, are to be included. CORE Construction encourages that the Subcontractor proposer includes a Voluntary Alternate to provide a more "optimal" schedule duration with a reflective price if applicable.

PROPOSAL ("BID") VALUE BREAKDOWN

Subcontractor proposers should be prepared to provide a preliminary schedule of values (SOV) within 24 hours of submission. SOV should be detailed in accordance with the scope of work, contract documents, schedule, and industry best practices. Breakout labor, material, and all major equipment costs.

ALTERNATES TO BASE ("BID") PROPOSAL

If either the contract documents, or CORE Construction (will be indicated in trade specific Scope of Work) identify Alternates to be priced, Subcontractor proposer shall identify all labor, material, equipment, supervision, services, taxes, insurances, license, fees, overhead, and profit, etc. necessary or incidentally required to complete the work. Alternates identified by the contract documents or the scope of work documents may or may not be selected and should be priced accordingly.

If the Subcontractor proposer chooses to identify any voluntary alternates, either as value engineering, product substitution, and/or scope of work clarification/deviation, etc. the following lines may be used for this purpose. All required / applicable supporting documentation to support the Voluntary Alternate should be included, or noted as to follow within 24 hours, with the submission of this proposal.

ALTERNATE LISTING

ALTERNATE #01 –

Description: Specialty Demolition required within Abatement Project Areas - Removal of excessive contents and fixtures that overly asbestos-containing VCT/Floor Mastic and drywall.

☒ Add ☐ Deduct (Circle One) (\$ \$45,500.00)

Words: Forty Five Thousand and Five Hundred with zero cents.

Asbestos Abatement Bid

Prepared for:

Core Construction

05/12/2026

**Re: Pre- Demolition Asbestos Abatement –
1385 W. Idaho Circle, Tonopah NV. 89049**

Dear Dawn,

Thank you for the opportunity to provide you with a proposal for the asbestos abatement on this project. Earth Resource Group (ERG) is pleased to submit our bid for the work outlined below, according to project specifications, and clarifications noted hereafter:

DESCRIPTION:

We propose to mobilize and conduct abatement of asbestos-containing materials within the above referenced structure and provide proper disposal of the asbestos waste materials. **ERG's proposed abatement scope of work consists of the removal of approximately 25,600 sq ft of VCT and mastic, 1,000 sq ft. of drywall systems and 8,000 sq ft. of texture CMU as defined by Environmental Inspection & Control Services survey report.** All work will be performed in a professional and workmanlike manner and in accordance with local, state, and federal regulations. No other work is proposed or contemplated at this time.

SCOPE OF WORK:

- Construct OSHA Class I and Class II negative air, leak-proof containments of abatement project areas in Buildings 3, 4, 5 & 6. Buildings 1 & 2 are to remain in place (no abatement or demo) and asbestos-containing materials were not identified in Building 7.
- Remove and discard all asbestos-containing vinyl floor tile and flooring mastic from throughout buildings 3, 4, 5 and 6.
- Remove and discard all asbestos-containing drywall systems and texture on CMU from throughout buildings 3, 4, 5 & 6.
- Perform stabilization of lead paint on surfaces in poor condition that will be demolished.
- Remove and discard or recycle all identified hazardous materials (mercury and PCB containing fixtures and fluorescent tube lighting).

CLARIFICATIONS:

- We include labor, material, equipment, proper disposal, regulatory agency permits, and insurance for our work.
- Proposal is limited to abatement of asbestos-containing building materials identified in the asbestos survey report at time of bid. Any changes to scope of work after acceptance of this contract must be submitted in writing.
- ERG is not responsible for any reconstruction or reinstallation of any fixtures removed during the abatement.
- Proposal is based on one continuous operation using prevailing wage rates.
- Proposal is based on ERG providing onsite Water and Power.
- Proposal valid 30 days from date issued.

EXCLUSIONS:

- Any additional work required by regulatory agencies not previously discussed.
- Security, fencing, barricades, sound barriers or hazardous materials not identified at bid time.
- **OSHA and EPA required Third Party Abatement Clearances – (Owner/Client responsibility)**

COST BREAKDOWN:

Asbestos Abatement Services	\$334,795.00
OSHA / NESHAP / SNHD / CCFD	\$2,600.00
Total Cost	\$337,395.00

TERMS & CONDITIONS:

- May be subject to a 50% deposit upon acceptance of this contract. Deposit can be made payable by check to Earth Resource Group.
- Receipt of a deposit and/or payment automatically confirms acknowledgement and acceptance of the terms of said agreement in lieu of signature.
- Final Payment/Balance due NET 30 from date of invoice.

AGREEMENT & ACCEPTANCE

Authorization and acceptance of this Contract includes acceptance of the terms set forth above, including all attachments, and all documents incorporated by reference.
